

Communications

Website

Every OLC Division and Committee has its own webpage at olc.org [under the “About” tab]. This page provides a description of the unit and lists Action Council members.

Broadcast E-Mails

Several OLC units produce quarterly e-newsletters for their members or broadcast e-mails on a specific topic. Samples from other units can be provided. There is no cost; however, units are limited to four per year. Information will be sent within five business days of receipt of the Word or Google document.

Printed Materials

Some OLC units have produced brochures and bookmarks to promote membership in their Division or Committee. These materials can be designed at the OLC at no additional cost and copied at the OLC office for a minor cost (see Budget Guidelines for copying cost estimates). You will be asked to supply recommended content and provide feedback on a draft. Templates will be provided.

For more information about the website, broadcast emails or printed materials, contact OLC's Director of Communications, Angie Jacobsen at 614-410-8092 or ajacobsen@olc.org.
