

Be Internet Awesome Event Resources Kit
2025

Be Internet Awesome: All-in-One Resource Kits

These kits will help kids become safe, confident explorers of the online world. The hands-on resources and ready-to-use activities are designed to bring kids, families, and community members together to learn and engage in meaningful conversations about online safety. With materials for classrooms, group events, or libraries, we can strengthen the connection between community and home. Make it easy to get involved and rally your community around a mission that matters

Objective: Reach a million kids with 10,000 kits!

All-in-One Resource Kit

This FREE all-inclusive, ready-to-go kit includes:

- Resources to support **100** kids
- Facilitator resources: print and digital
- Games and activities
- Internet Explorer rewards: stickers, bracelet, and more
- Take-home materials for families

These kits will flexibly and easily support:

- Schools
- Libraries
- Day camps
- Community centers
- Boys and Girls Clubs
- Girl & Boy Scout Troops, etc.

Facilitator Resources:

Welcome & 4 Quick-Start Guides

The Quick-Start Guide for facilitators offers easy-to-follow instructions, activity tips for working with kids in grades 2–5, and helpful background information on internet safety to support confident facilitation. Includes additional information introducing the why of the activities, how to implement, and reflective questions – customizable to your group.

The guide also includes a QR code leading to the Google + Highlights Be Internet Awesome site, where facilitators can find helpful intro and extension videos, plus more printable activities.

Quick-Start Guide

This Be Internet Awesome kit was created by Highlights and Google to help kids become safe, kind, and confident explorers of the online world. In today's digital landscape, children need more than just access—they need guidance, values, and tools to navigate it responsibly. That's where the five pillars of this program come in: **Smart, Alert, Strong, Kind, and Brave**. These pillars teach kids to think critically, protect their privacy, stand up to cyberbullying, and build a culture of respect and empathy online.

This Be Internet Awesome kit is flexibly designed so you can make it work for your setting and timing—use it with a large group of up to 100 participants or split it into four smaller groups of up to 25 each. Do the whole program in one session or try it over multiple days or weeks. Whatever fits your needs best!

Let's make the Internet a place where everyone feels safe, included, and awesome!
